Zephyr Cove Snowmobile Center

# Ross Orlando's Tahoe Spotlight

Tahoe excitement for you to enjoy – shows, events, music, happy hours, snowmobile tours, skiing and boarding, shopping, gaming, and more – can always be found in the **Lake Tahoe Entertainer**.

**Harrah's** had **G. Love & Special Sauce** for a fun party. **Garrett Dutton**, with his magical charm and incredible talent, mixes his style of Hip-Hop, Rap, Blues, R&B, Funk, Rock and Jazz for a tasty treat. From Philadelphia, **G. Love** – on vocals, guitar and harmonica – was influenced by the Beatles, Bob Dylan, the Beastie Boys and John Hammond. The girls love him, and his star status is getting bigger and bigger with the radio and satellite airplay he gets all over. I met him years ago when he was new and playing North Shore. This cool guy is on to a big career.

It was great to have **Mickey Thomas and Starship** back in town. What a voice and look for new music coming from Mickey!

Legendary **Eric Burdon & the Animals** will be at **Harrah's** March 20. From England, Burdon is 1964, started making hits like "House of the Rising Sun" and is part of the British Invasion to come to the U.S. "Don't Let Me Be Misunderstood," "We've Gotta Get Out of this Place," "It's

My Life," "Don't Bring Me Down" and "San Franciscan Night" are just a few of their many classic rock hits. I met Eric in the late 90s and he was really nice to all the fans after his show. This is music history to check out – you'll love it and in his late 60s now, he still loves it, too.

Also coming to **Harrah's** is **Rick Springfield** March 6. The ladies still love Rick, and he puts on a high-energy show. This early 80's TV star appeared on "The Young and the Restless" and as Dr. Noah Drake on "General Hospital" which helped his popularity. The self-penned "Jessie's Girl" and "I've Done Everything for You" (written by Sammy Hagar) made him a big star in the music world in the early 80s. "Don't Talk to Strangers" and "Love Somebody" were also big hits. At 60, he looks and sounds great, and it's a fun show.

**The Yardbirds** March 13 will bring all their Rock and Blues classic numbers. They had a lot of hits you'll remember or didn't know it was them – classic early Rock that still sounds good today.

March 27 brings **The Celtic Tenors**, followed by **The Dan Band** April 3, and **Pablo Cruise** April 10.

**VEX Nightclub** on Friday and Saturday is always a party with sexy

Go-Go Girls, dancers, and cool DJ music.

**MontBleu** had **Les Claypool**. Another 2,000 crowd sellout – what a following he has! He mixes a Techno-Jazz-Funk sound with wild lyrics and great musicians. The cello guy can really rip it up.

**Opal** and **BLU Nightclubs** have Go-Go-Girls, lots of drink specials, DJs and live music to check out.

**The Improv at Harveys** with new comics each week and Howie as the host is always good for laughs.

**Lakeside Inn** had their **Ullr's Jib Jam** with skiers and boarders doing their best tricks on the rail that was brought in. They had live music, a DJ, food and drinks, and a party atmosphere that was fun for the whole family. Catch their **Happy Hour** from 4-7 p.m. with \$1 food specials, one-, two-, and three-dollar drinks, and their \$5 burger and fries special.

**The Beacon Bar & Grill** with the lake and mountain views had their Snowshoe Cocktail Races. Mix live music, drinks and food, and it's a good time and pretty fun to watch, or you can participate and win prizes. March 10 are the next races.

**Applebee's** has a cool bar with great **Happy Hour** specials from 3-6 and from 9-closing. Great deals on

good food. The girls who work there are lots of fun.

**Sam's Place** had their Superbowl party that's been going on for decades. They have video poker, pool table, Happy Hour, and their new shrimp linguine for \$12 with soup or salad is outstanding. Their female bartenders add to the fun.

Check out **Off the Hook** with their **Happy Hour** specials – delicious!

**Chevy's**, another great **Happy Hour** place, has good food and drink specials from 4-7.

For all your smokin' needs, **Puffin'** – in the Heavenly Village – has it for you. What an incredible cigar selection!

**Fire & Ice** – also in the Heavenly Village – features drinks by the fire pit. Inside, you create your own food masterpieces for them to cook for you. They have a huge selection to choose from.

Go to **Turn 3** to see **Sarah** and her 16 TVs for sports and drinks.

**Blue Turtle Seduction** from Tahoe will be at **Whiskey Dick's** for St. Paddy's Day. Check out all the parties for that holiday at [EntertainerTahoe.com](http://EntertainerTahoe.com).

And remember, I'm here to help you have fun. So, have fun – you're in Tahoe!

# Fly Fishing

**Victor Babbit**

sections that I like to fish are on the Rosachi Section of the East Walker River in Nevada and accessible from a dirt road heading to Hawthorne off of hwy 338. Park in the main parking area just before the bridge and fish either upstream or down, both are equally good.

This is the time of year that we see the Squalla Stonefly hatch and on cloudy days the Baetis hatch (Blue Wing Olive/ BWO). The Squalla Stone is about a size 10 Stonefly and the Nymph has a lightly colored bottom and a dark olive top. One of the things I have noticed this year is that the Nymphs, when knocked off of the rocks, tend to tumble down the river and flash the light bottom and dark top. Some of the patterns we have been trying are dark and others light with the latter working much better and I think it is because the fish are used to seeing the Nymphs roll down the river and showing the lighter side. It is quite difficult to get a fly to tumble or twist as it makes its way down the current so using a fly that has a dark and a light side doesn't seem to matter as much as just using a lightly colored fly. Not exactly scientific, but just the same, it works! -This might be the same old thing for those who

have been fishing the East Walker for many years, but I have seen more Stoneflies under rocks this year than I have seen in years.

With the nice weather we saw in February, the stones had already started to hatch and I am sure they will fill in droves over the next couple of weeks of March. If it is windy, don't be afraid to give it a try! The wind tends to dislodge the stones from the bushes where they are waiting for their opportune time to mate and blows them into the water ahead of there scheduled evening mating session. The trout will sit just off of the banks waiting for their right moment to ambush a nice meal. Also look for the fish to be sitting in heavy water eating the nymphs and keeping an eye out above for the occasional Adult Stone to float by. Some of my favorite patterns to imitate the Squalla Stone Nymphs are Mercers Epoxy Biot Stone, Anderson Rubber Leg Stone, Double Bead Stone and The Epoxy Back Golden Stone. If you would like to try to get them on the dry fly, try a Stone Dead Stone or a Rubber Leg Stimulator in Orange, Yellow or Olive and in size 8 or 10. The other bug that is fun to fish this time of the year is the BWO and is always better on a

cloudy/snowy day. The BWO can be fished as a Nymph or a Dry and some of my favorite patterns are the Master Baetis, Copper Bead Micro May, Beerhead Baetis and the RS2 in gray or olive for under the surface. And for the surface or dry fly enthusiasts I would try fishing with a fly as simple as a Para-Chute Adams, Baetis Dun or a Crippled Baetis in sizes 18-22. If the East Walker is not doing well, there is always the West Walker River in Wilson Canyon or Hoyo Canyon on either side of Smith Valley. This river has some really nice fish in it but is not catch and release and tends to get fished out after awhile.

# Another Late Night with LateNiteBilly

Let's check out what I have coming up in Tahoe for you. Now we all know Tahoe Locals need no excuse to party like Rock Stars! Its pretty much what we do best! But it always gets better when a Holiday is thrown into the mix, and a drinking one nonetheless, right?! This **St. Paddy's Day** is no exception and Late-Nite Productions will be hosting the Hottest St. Paddy's Party at the Lake! The Green Beer and Cheep Drinks will be flowin' and **Blue Turtle Seduction** will be rockin' all night long! Tahoe's hardest working jam-grass party band will be at it again for their second **St. Paddy's Day Blowout** at home in a row. Last year the Party was sold to capacity and we had to turn people away, so get your tickets early! They are only \$10 in advance and this is going down at **Whiskey Dicks** on March 17th!

When **Blue Turtle Seduction** played their first show in 2001 it was... well... rough around the edges, sloppy, chaotic, and ... one hell of a great time. From the beginning there was a raw and original sound, a clear and intense vibe, and the energy was through the roof.

It was the rebellious outdoor spirit of South Lake Tahoe, CA (work hard, play harder) wrapped into electric guitar and mandolin; harmonica, harmonies, and adrenaline; drums, bass, and violin.

Fast forward to 2007 and find a band that dedicated itself to practice and playing as many shows as possible to polish that rough sound into something that has been winning fans over night after night from small town to big city, from Hawaii to New York City, and from dive bar to famous theatres all while marching to beat of their own drummer.

And while the big question spreads from mouth to mouth, "What kind of music is it?!" The band and fans alike scratch their head and offer, "Well its jam-newgrass?, how about gypsy rock?, no its Duran Duran meets String Cheese Incident, meets the Clash ... no its not, its Blind Melon meets the Samples... forget it, just come to the show!

Next up and just in time for Spring Break! We can't take you to Jamaica, but we can bring the vibe to Tahoe! I'm talking about the California Reggae &

Hip-Hop sounds of the **Mystic Roots Band**, originally from Chico, CA. You may have also seen them as the official touring backing band for International Reggae Superstar Paton Banton on one of several National Tours! This is going down on Sunday, March 21st at **Whiskey Dicks** and **Aivar** will open the show.

Serving up an original style based in reggae, hip-hop, and dancehall (with overtones of rock, funk, and ska), a **Mystic Roots Band** live concert guarantees not just at music for your ears, but also a high-energy show and powerful experience you'll never forget. This Chico-born, now San Diego-based group brings a brand new sound while embracing the nature of roots reggae wholeheartedly and performing it with smooth vocals/harmonies, energetic freestyles and beat-boxing, all over a solid groove. The music and lyrics are catchy and upbeat, yet with a powerful, positive message. The musicianship of the players is top notch and arrangements are often complex and always interesting. The band tours the U.S. full-time, playing shows with some of the biggest names in reggae, hip hop,

and rock. MRB promotes positivity and spreads a conscious message while still having a good time and keeping the party going.

To wind down the month of March we bring you the Intelligent and Illuminating Hip-Hop sounds of **Sweatshop Union** from Vancouver, Canada. With tens of thousands of albums sold and hundreds of shows rocked, the word of mouth is spreading about Sweatshop Union's style of conscious lyrics, highly musical beats, and high energy live shows that far surpass the average hip hop concert. Campaigning to create awareness for their fourth album *Water Street*, Sweatshop are embarking on their most extensive phase of touring ever, hitting over 100 cities across North America in just over 4 months and coming back to **Whiskey Dicks** on March 26th.

Don't forget every Tuesday is **\$2 Tuesday** at **Whiskey Dicks**, with no cover and \$2 well and domestics for everyone from 9-11pm. **DJ-Bird** will be rockin' the party.

Till next time Tahoe, you know what to do! Keep the Vibe Alive! Peace.

## About Bassnectar

What started back in the mid nineties as an experiment fusing youth culture and social action has turned into a multi-faceted, multi-faced creature called Bassnectar. It is the brainchild of Lorin Ashton, and it exists as an open-sourced musical project that is as diverse as it is heavy, as raw as it is meticulous, and as fierce as it is imaginary.

The Huffington Post writes, "Bassnectar...combines beats and brass-lines across genres, rhythms, and time signatures to create infectiously raw, danceable tunes, connecting youth culture with social action."

Josh Glazer of URB Magazine describes his live performances as "sonically epic. His shows are like giant raves with him at the center, enjoying it all while striving for hummingbird time."
