Ross Orlando's Tahoe Spotlight

Superstar **Stevie Nicks** rocked the crowd at **Harveys Outdoor Arena**. Wearing her traditional all black, and pretty long hair, and now in her early 60s, she's still hot and her voice was right on the mark. Playing songs from Fleetwood Mac to her solo career, Stevie delighted the audience. It was cool to hear "Rhiannon" and "Stand Back," and she even played a Zeppelin cover tune. Guitarist Waddy Wachtel, who's been with her band for years was rippin' it up. She seemed very happy as she talked to the Tahoe crowd.

Coming Sept. 11 is **Chickenfoot** with Joe Satriani, Chad Smith, Michael Anthony and Sammy Hagar. **Aaron Hagar and The Wabos** will open the show. This will be a party like it was last year.

Harrah's had **Williams and Ree** (The Indian & The White Guy) with music and comedy that was so much fun. Bruce and Terry have been playing together since the 70s and playing all the Tahoe casino stages since the 80s. They have opened and toured with The Oak Ridge Boys, Garth Brooks and Willie Nelson, just to name a few. They cut each other up, joke about all topics (including Tahoe), sing very funny

parody songs that are R-rated, and create fun atmosphere that is always a good time for all. I've been friends with them for around 25 years since they were playing the Cabaret that used to be at Harrah's. They would pack a 2:00 AM show with locals, and it would be crazy. This trip we went boating together with Capt. Ron from **Tahoe Keys Boat & Charter and Ski Run Boat Company**, Bruce's wife, their manager and Jerry Bond. It was hard to believe it was the first time in 30 years coming to Tahoe that they were able to go boating, see Emerald Bay, and enjoy the beauty of the lake. We had a blast – lots of laughs! They told me they played to about 30,000 people in Canada at a popular festival. Go to their website for more info about the boys.

Speaking about Capt. Ron's boats at Ski Run Marina, they have boats to rent, sailing, parasailing, wave runners, kayaks, canoes, and pontoon boats for all your summer fun. They will make it easy for you to have a great time.

Horizon has a new show in their Golden Cabaret Theater – **Two Kings, A Tribute to Elvis and Michael**. This early 6:00 PM show is a lot of fun. Michael Jackson's

music is the opener. His impersonator looks just like him and his dancing is incredible. The Elvis impersonator is very entertaining and actually sings all these cool Elvis tunes. They have back-up singers and dancers who are also very talented. It all makes for a fun show to enjoy.

The local boys, **Lavish Green**, played the **Fox & Hounds Outdoor BBQ Party**. What a great time with barbecue food, cool music and beers! They are expanding their bar and grill inside with their Grand Opening Party scheduled for October 9.

The 25th Annual Great Gatsby Festival at the **Valhalla Estates** really brings back the old times with the old cars and original outfits. In the early 1920s, Tahoe was a popular place for the rich to go for vacation. Take a walk in the beautiful Pope Estates, Baldwin Estates, and Tallac area to glimpse what Tahoe was like back then. You'll love it!

MontBleu has the amazing **Tony Clark**, starring in "**Masters of Magic**" appearing through September 2 along with other talented magicians. They have been performing throughout August to amazed audiences. It's great to have Tony, who's won many awards, back in town. **Nelly** was just

at **Montbleu** and everyone enjoyed the show. Coming September 3 is **Fat Joe and Too Short**. September 5 is **Tech N9NE**. In their nightclubs at **Blu** and **Opal**, they have live music, popular DJs, Girls getting their bodies painted, drink specials, and more. At Blu, I enjoyed the band **Casual Dogs**, with members from Tahoe and Reno.

Sushi Pier (next to Cilantro's) has all you can eat sushi and has been very popular. You can hang out at the bar as well.

Classic Cue has a lot of pool tables and good burgers and fries.

Harrah's has **Straight No Chaser** September 18; **Harvest Moon & the Prize Master – Eric Tsang** September 25; and **Emmylou Harris** September 30.

Cabo Wabo at **Harveys** has DJs, live music, and is always entertaining.

Comedy at **The Improv** inside Harveys is always good for laughs.

Whiskey Dick's has a mix of music styles to check out.

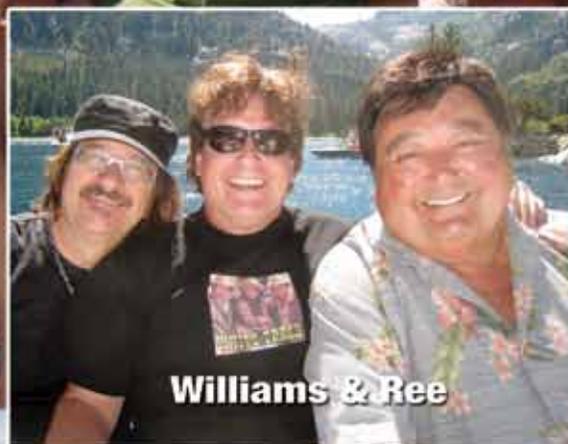

Watch the **Tahoe Derby Dames** September 18 at **Bijou Park** – lots of smiles.

And remember, there's plenty of outdoor action to enjoy. Have fun – you're in Tahoe!

COMEDY FROM THE MOUNTAIN

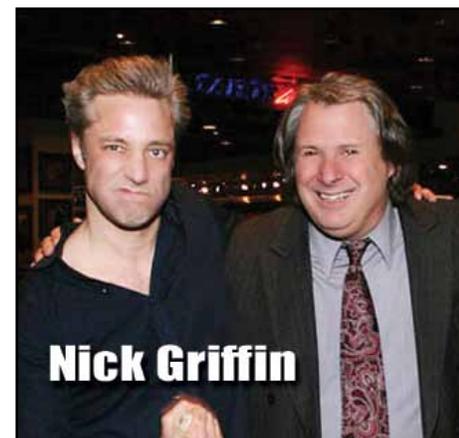

Howie Nave

more salary (their city manager was making twice that of the president of the United States) until they got caught and are now probably working for the California Conservation Corp. Which reminds me. Can someone please tell the CCC to quit raping the land and cutting all of the trees down? I thought they were supposed to be tree huggers and not someone hired from a logging mill in northern California to steal our trees away. And turn off your lights CCC because that building you occupy in Meyers always has them on 24/7. You guys are anything but conversationally oriented if your actions are your barometer so rethink your mission statement if you have one.

Returning to the Lake is probably one comedian who has everything to live for but doesn't see it that way. **Nick Griffin** is troubled a lot on the inside so the public can be entertained by him on the outside. For me personally he is one of but a handful of comics that truly cracks me up. Comedians in general don't really like to laugh at other comedians but we do observe a lot. Nick's insights to some might be a bit cynical sometimes depressing but to us it makes sense. Recently he mentioned to me that,

"Chelsea Handler is hosting the video music awards and Charlie sheen is a multimillionaire and I took in my loose change to pay for groceries." He's been on Letterman a half dozen times already since moving from southern California to New York. He is also a first rate screen writer having written over a dozen of movies with a sci-fi/horror slant to them. When he has the time he'll post on Facebook some interesting fact about history on this day and then add a commentary that puts the event in perspective. In short Griffin is a must-see and if I had my way would be here at least every six weeks to remind us how superficial some people are on this planet. Appearing with Nick is the man of a thousand impressions, **Jeff Burghart**. Originally from Texas Jeff is one of those guys who always is in an 'up' mood. Some might say his 'on' button has no reset but that's just fine by me. Jeff actually headlines all over the country and late last year when I was working with best bud/comedian Rocky LaPorte in Oregon dropped by to see Jeff who was headlining in Portland. He tore it up folks. Catch both Jeff and Nick here the week of September 8th through the 12th.

Comedian **ANT** returns for the first time in how many years I can't remember. Throughout his career, ANT has appeared on many series and specials including the remake of "To Tell The Truth" where he replaced Paula Poundstone as a regular celebrity panelist. Other shows included "America's Next Top Model," "The Insider," "Kathy Griffin: My life on the D list," "The Jamie Foxx Show," "Queer as Folk," "The Dennis Miller Show" and well, you get the idea. His big break though (I think) came when he became a judge on NBC's "Last Comic Standing." It showcased his improvisational skills and reminded people that he was gay. Actually you really don't need

to be reminded that he is but when that Steven Slater guy from JetBlue exited the plane (and his airliner career) via the emergency shoot I swear I thought that was ANT pulling yet another stunt. Back to earth and on the same bill is comedian **Doug Stark**. I like Doug because not only is he very funny but he makes great astute observations on things I normally wouldn't even think of. He's also a killer impressionist pulling off one of the best Sammy Davis, Jr. bits I have ever seen. Catch 'em both the week of September 15th through the 19th.

Howie Nave is the host/emcee of The Improv Comedy Club inside Harveys and also has a morning radio on KRLT unless he's suspended (again). When not doing that you can hear (and see) him on Lake Tahoe Television where he whores himself out doing movie reviews. Please go to his fan page on Facebook because his supposed friends page has capped out at 5000. You can also go to his website at Howienave.com but that's extra credit.

What's New, What's Now & What's Next

MONTBLEU
By Dave Davis

MontBleu continues its commitment to bring you the best value in the Lake Tahoe Basin. The wildly successful **24/7 Happy Hour** brought \$1.50 drafts, \$3.00 domestic's and \$4.00 well drinks to the entire casino and the legendary MontBleu nightclubs.

At **Opal Ultra Lounge VIP**, the best Full Bottle Service prices on the hill can be found. In fact, they are half what competitors are charging. Dramatically reduced cover charges and special offers to locals, pack the place. If that wasn't enough Opal offers **\$1 drinks every Thursday** inducing massive crowds of people to party like rock stars. Friday night's is the "**women drink free**" promotion at Opal and once you set foot inside the club, the pumping dance music, the decor and the atmosphere erase all worries while all night parties and endless possibilities emerge. Saturday's "**women get in free**" before midnight brings out an early crowd as the area's top DJ's create the ideal club vibe, GoGo dancers girate to never ending beats while tourists and locals mingle until the wee hours. Opal offers one erotic indulgence that must

be seen! Imagine, gorgeous human bodies being used as a canvass to create artistic masterpieces. Watch **Master Body Painter; Autumn Hall** work her air brush magic on lovely volunteers from the nightclub crowd. The wow factor from this nightly show is enhanced ten fold by Autumn's artistic creativity adding a surreal touch to Opal's nightlife experience.

Blu's scheduled live entertainment and internationally acclaimed DJ's perform at the nightclub on a regular basis. The same 24/7 happy hour prices apply and cover charges are kept at a minimum. This fall, Blu Monday's will feature **\$1 drinks coupled with a Battle of DJ's contest**. Register your favorite DJ at Mixedlive@gmail.com. **Blu Tuesday** will feature regularly schedule **Live Latino Entertainment**. **Blu Friday's** will feature **Free Music Friday's** and will your favorite local and regional talent. **Blu** will also feature **Headliner Saturday's** featuring internationally acclaimed acts from across the continent. TAHOE HEMP COMPANY

www.tahoeheмп.com

For the first 162 years of America's existence, marijuana was totally legal and hemp was a common crop. But during the 1930s, the U.S. government and the media began spreading outrageous lies about marijuana, which led to its prohibition. ("Marijuana: The devil's weed with roots in hell", "Marijuana makes friends of boys in 30 days", "Reefer Madness", etc.) It was banned in the USA under the Marijuana Tax Act of 1937. In a blatant case of mistaken identity, industrial hemp was banned along with it.

It is said that the motivation for the hemp ban was that new processing technologies were developed that made it a potential competitor with the newly founded synthetic fibre and plastics industries. Hemp's potential for producing paper also posed a threat to the timber and oil industries. Evidence suggests that commercial interests, having much to lose from hemp competition, helped propagate the reefer madness hysteria and used their influence to lobby for Marijuana Prohibition. It is debatable as to whether special interests conspired to destroy the hemp industry via Marijuana Prohibition, but evidence exists to raise the possibility.
