# Ross Orlando's Tahoe Spotlight

It was a big Tahoe treat to have comedy and music duo **Williams and Ree** back in our town to give us truckloads of laughs as they performed once again at Harrah's legendary South Shore Showroom. Also known as "The Indian and the White Guy," Bruce Williams and Terry Ree met in the late 60s in college in Spearfish, SD, and by the 70s, they were performing in comedy clubs together. In the 80s, they opened regularly for The Oak Ridge Boys. They were the bad boys of the Nashville Network, and did a regular dessert-cooking segment on "Country Kitchen" starring Florence Henderson (TV's favorite mom on Brady Bunch). It was so funny to watch each week. All the big country stars like Randy Travis, Garth Brooks, Charlie Daniels, Tim McGraw, Willie Nelson – and the list goes on over the years – have wanted Williams and Ree to be their opening act. Their song parodies, adlibs, political humor (that's usually incorrect), racial humor (they cut everyone up), local humor (from where they're performing), original songs ("Ding Dong Song" is a fun R-rated sing-a-long), mixed excellently with their musical skills as they played guitar and sang in harmony to the delight of the audience. In the 80s and 90s when Harrah's had their Cabaret, their late show, known as "The Smut Show" (alias Williams and Ree) was always sold out to a house fully packed with locals. I went to dinner at Scusa's (great Italian food) with them when they were here, and we all had tons of laughs. We've been friends for

many years and during that time, they've consistently performed over 200 shows each year.

The currently on-hold convention center project (across from Harveys) may turn into an Indian casino and Williams and Ree will be the regulars – could happen!

**Harrah's** has **Lindsey Buckingham** Oct. 12, **Al Jarreau** Sept. 20, **Royal Crown Revue** Sept. 27, **War** Oct 4. **Vex Nightclub** is always happening there also.

Tahoe is the biggest entertainment town in the world, and **Harveys Outdoor Summer Concert** Series helps to prove that fact each year as I photo-shoot show business's hottest acts.

**Sammy Hagar** with **Ronnie Montrose** played their classics like "Rock Candy" and the place was really rockin'. Then Sammy, with his Wabos band, played all his hits including Van Halen tunes, Led Zeppelin's "Whole Lotta Love" and The Beastie Boys "You've Got to Fight for Your Right to Party" as sexy girls in bikinis brought him drinks with 50 plus fans partying with him onstage. Sammy is one of the best frontmen in Rock as he always creates a fun party atmosphere during his show.

**James Taylor**, with his mega hits like "Fire and Rain," "You've Got a Friend," "Mexico," "How Sweet It is (to Be Loved by You)" and "Your Smiling Face" were so cool to hear. He's a very humble and appreciative performer. Taylor's hits are timeless. His Band of Legends were hot and include Lou Marini from the Blues Brothers – he really wailed on sax!

**Toby Keith**, one of country music's biggest stars today makes you proud to be an American at his show. He reminds you of what the troops are doing for our freedom and you feel proud. His "I Love this Bar" and "Whiskey Girl" are cool. Keith's song about partying with Willie Nelson is funny and true, as he tells the story.

Eddie Montgomery and Troy Gentry of **Montgomery Gentry** mix a rock style at times with their high-energy country music as they tour with Toby. As time goes on, these stars are going to be even bigger and bigger. They were really cool and appreciative when I met them some years back in Tahoe. **Carter's Chord**, three cute and talented sisters were also enjoyable that night.

**Steely Dan**, **Walter Becker** and **Donald Fagen** with impressive musicians was a jukebox filled with hits: "Hey Nineteen," "Reeling in the Year," "Rikki Don't Lose that Number" and "Deacon Blues" – talk about classics – Wow!

**Alan Jackson**, another huge country star performed hits like "It's Five O'clock Somewhere" (a duet with Jimmy Buffet that was shown on the big screens) and "Don't Rock the Jukebox." He's had 33 No. 1 hit singles so far in his career. During one of his songs they showed lots of local business signs like Naked Fish and Tony's Cheesesteak – really cool and personal.

**Lee Ann Womack** opened for Jackson. She's very pretty and sings old-style country like Tammy Wynette at

times.

**Sheryl Crow** mixed mild rock, country, pop, and her own style as she performed lots and lots of her hits on cool color-changing steps onstage. Not many female performers can play electric and acoustic guitars as they sing, but Crow does it with ease. And what a band! "Soak Up the Sun" and "All I Wanna Do" were so cool. She also did a Zeppelin tune – Wow! Since Robert Plant came here this summer and performed, about three other acts have done Zeppelin tunes at Harveys. The girls liked **James Blunt**, and **Toot & the Maytals** kept the Reggae sound alive with spirit on Crow's tour.

We'll show you **Kiss** photos in our October issue. They were unreal and live!!!

Nevada Governor **Jim Gibbons** is a fan of Toby Keith and enjoyed the show.

Take a ride on the **Woodwind II** at **Zephyr Cove Resort** – you'll love it.

**Opal Ultra Lounge** inside **MontBleu** has their **Wednesday Lingerie Party** with free drinks for ladies from 8 to 11 p.m., accompanied by a fashion show with sexy girls and body painting by Bobby.

The new **Latin Soul** restaurant inside **Lakeside Inn** has a delicious variety of food and drinks to enjoy.

**Bar 24 Taproom and Grill** inside Bill's has **Battle of the Bands** and they're giving away big money.

**The Alternates** are on the cover.

And remember, the future is now. Have fun – you're in Tahoe!

# Stand Up and be Counted!!!

then this year” another So What! We have been living with it the way it is forever so one more year’s delay won’t kill us but backing up traffic to Meyers will. BTW, last month I said the Pick up fees were 5 times greater at our Airport than elsewhere but I was wrong. I am told they are 15 times greater. Bum for Council!

Shop Local is such a Joke. Most of the business owners want us to shop local and support the local economy but who are they asking to work on their places when they need it but out of towners. Ya Ya I know, you guys can get it cheaply done by hiring out of town contractors and getting material from off the hill and we all want to save a buck or two. Examples? You got em. A large shopping center near Stateline brought in Landscape Contractors and grass from Stockton to replace all the grass bought when they first opened. You know that grass died because it came from Stockton and not Dayton where it’s formulated for this altitude and harsh weather conditions so get ready to replace it again in a couple of years. Golf course out in Meyers replaced their roof last year with an out of town contractor and he brought all the material from off the hill. Thank the God’s they got it done just in time for the Annual Meeks Golf Party that

catered to Local out of work Contractors cuz they have no work. Vagabond and El Nido Motel’s hired out of town Roofers to do their work and Padrip was one of the movers and shakers for the now defunct BID Tax. He wanted business owners, mostly Contractors, to pay a Tax to market Tahoe’s Lodging Association but the Lodging Association didn’t want to pay their fair share. We ran Duane out of town for that one although he kinda got a raw deal from the Association anyway. Last but not least how about 28 Crafts Fairs this summer, nuf said on that one. Support those that support you.

Back to Bum for Council! I want to get involved as do a lot of Meyers folks. Most of the long time locals live in Meyers. We have history with this town. We vote in School Elections, shop (usually) locally and most of us have been here for over 30 years. Everything the city does affects us but we have no say. Of course everything the West Slope does affects us and we have no say either, we are in limbo in Meyers. I actually read the entire Elections Code and found several ways to let us vote and participate in city elections but it works only if The Council and the city residents want it to. We are unique here with respect to geographical boundaries and you the city can change

them for voting purposes. What we don’t want to do is become part of the city until you get your asses out of that huge hole of debt all the past part time council members bought you. As long as you let 10% of the voters vote you will always be that way. Stand up and be counted. Do you realize that the city gets about the same number of voters as live in Meyers? Pathetic. One way to do this is send a message. When you vote in November use the Write In Candidate Box and write in Meyers this will be a message and not a vote. Please vote for the two council openings but add the word Meyers. Send a message.

Congratulations to Alicia. She has worked extremely hard and is now Whittel’s newest teacher. If I had a teacher like that I might have stayed in school forever. Way to go girl.

Sign Of The Month: Driving past Yerrington on my way to Fallabamma and just south of Ferntucky was a Church sign: Trust ON the Lord Jesus Christ. Haven’t been to Church in awhile but I did go to Vacation Bible School as a kid. Happy Birthday Belik!!!!

Later. Skibum  
As Usual: skibumfamily@sbcglobal.net

Where do I start this month in reference to Bum running for Council. I am going to need a couple of writings to clear this one up. First off Mike Weber, I was not referring to you personally when I said we need a Mayor with balls. I was talking about the position not the person and unfortunately you were doomed from the start due to the position itself. Example of business as usual with reference to The City Council is the work being done at the “Y” right now. I know if we don’t bend over with Cal-Trans and do the project when they dictate it won’t get done. So What!! When I first moved up here I was told there were two seasons to Tahoe, Winter and August. So why does the work begin blocking traffic at the “Y” start in August and not October? We could have stood up to the powers to be and told them to start in October and please put more than 3 guys working on and go 24 / 7 till it’s done. That road is our life blood and we screwed the pooch on it. If they threaten us with “ Well it won’t get done

## **Monster crappie in the Tahoe Keys!**

Recently due to the shorter days I have been exploring some fishing options closer to South Lake Tahoe. One place I have been spending a lot of time fishing is in the Tahoe keys. I fished the keys for the first time in May and was surprised to find that it is full of above average sized crappie, as well as some nice largemouth bass. Just a few nights ago my friend Ron landed this nice crappie on a black wooly bugger. This fish was around

14 inches and I have seen a few that are even larger. The last hour before dark and a few hours after dark have been the best time to catch crappie in the keys. A 3wt rod rigged with a small wooly bugger in black and brown works great for catching these scrappy fish. The areas near the inlets to Lake Tahoe in both the marina and residential sides of the Keys have consistently produced nice crappie as well as some largemouth bass and bluegills. For targeting the larger bass I use a 5wt rod and cast poppers and foam frogs along the edges of the docks and the walls of the inlet. Try chugging the popper for a few feet and then letting it sit. Often bass will aggressively take the popper while it is still. Top water fishing for bass is a lot of fun and the takes can be as exciting as any trout fishing I have done. I have seen bass up to around 5 pounds and have heard of even larger ones in the Tahoe Keys. A float tube or kayak are both great for exploring this area. The only access to the residential side of the keys is by paddling from the marina side into Lake Tahoe and entering through the inlet or by having a friend that

will let you use their backyard. On the marina side you can access by the boat launch. Be respectful of the boats coming by and use a headlamp at night so boat traffic can see you. Fishing the keys is a great way to relax and enjoy catching some fish close to home. Mike O'Dell, Retail sales/aspiring guide TFFO

## ***This stock market isn't crumbling!***

After a long summer of disappointing stocking on the East Carson, it seems there are finally some fish in the upper East Carson. There have been fish in a few spots this year, but it doesn't seem like there were nearly as many plantings this summer. I fished the upper, put and take, catch and kill, shake take and bake section of the East Carson yesterday with Don and Greg, from Martinez. It was one of those unexpected cold Sierra mornings and the cloud cover didn't burn off. So, aside from having a hard time tying on flies with shaking hands, the cold weather of course was beneficial to the morning's angling. The water temps were nice and cool and the cloud cover made for less wary fish.

I turned rocks to see just how long the giant stonefly nymphs were going to be around and found 4 huge nymphs under one rock. Of course, at these flows there aren't a lot of deep slots to throw the heavy stones, but when you do, they are still being grabbed. We located a group of three piggies in one such slot and Greg and Don managed to hook all three, landing one around 20" and weighing about 4 pounds, A FATTY! Two of them ate the stone and one the San Juan. It is my personal experience that this is the latest I have ever seen the huge stoneflies around.. It has been great, as it has made the big bug fishing fun in the eves. We have been turning bigger fish in the last half hour of light with big stone patterns. When fishing in the stock market, change flies, as even they wise up after the 10th pass of that same fly! Have fun and take a bag for garbage with you. Corey Funk, Guide/Instructor TFFO

# The Odd Couple with a Feminine Touch

Neil Simon's classic take on friendship gets a feminine spin this September at the *Valhalla Boathouse* Theater. On Broadway the female version of "The Odd Couple" debuted in 1985 and starred Sally Struthers and Rita Moreno, but male or female Simon's gift of comedy works. Divorced and recently separated from their spouses Olive Madison takes in her friend Florence Unger. These mismatched friends quickly drive each other crazy as only true friends can. Thrown into this mix are the rest of the girls, Sylvie the chain smoker, Renee the feminist, Mickey the cop, and Vera the lovable ditz. Jesus and Manolo Costazuela, Spanish brothers, provide a little testosterone and the perfect double date for Olive and Florence.

This show will keep you laughing and remind you that true friends are with you for all of life's ups and downs.

Directed by **Ann Swallow**, a talented actor with many years experience, The Odd Couple has an all-

star cast of local talent. **Diana Evans**, last seen on the Valhalla stage as the controlling Marquise de Merteuil in *Les Liaisons Dangereuses*, tackles the role of the perpetually sloppy and lovable grouch Olive. **Michelle Sennings**, a classically trained singer and long time actor, is the fragile and seriously tidy Florence. **Michelle Hirschfield**, host of *Another Heavenly Morning* on RSN and a former child television star, puffs away as Sylvie. **Ginger Davis**, a Mississippi Theater Association award winner, makes Gloria Steinem proud as Renee. **Christina Proctor**, last seen as the constantly weeping Madame de Tourvel in *Les Liaisons Dangereuses*, puts on the blue uniform to play Mickey the cop. **Terri Arnold** makes her stage debut as Vera. And **Kevin Sommerfeld**, on stage at LTCC and the Boathouse Theatre for many years, and **Doug Midkiff**, experienced in television, theatre, and the "big screen", explore their "Spanish" heritage as the *Constazuela* brothers.

The Odd Couple runs Thursday-

Saturday, September 25-27 & October 2-4, at 7:30pm at Valhalla's Boathouse Theatre lake side in the Tallac Historic Site (Highway 89). Tickets are on sale now for \$18/adult (discounts for seniors & children (not recommended for children under 12 years)). It is recommended that you

purchased tickets in advance online at [ValhallaTahoe.com](http://ValhallaTahoe.com) or by calling 530-541-4975. A limited amount of tickets may be available at the door on performance evening.

# COMEDY FROM THE MOUNTAIN

Howie Nave

Oh man what a time to be a political comedian. What with the ever changing political landscape how can one not find all of this fascinating? The Republican presidential hopeful, John McCain lambastes the Democratic candidate, Barack Obama on being inexperienced and then picks for his vice presidential choice Alaska Governor Sarah Palin. God bless video because immediately we get to see her saying "What is I that the vice president does anyway?" Are you f#@\*ing kidding me? It's people like her that will put comedians out of business because how can you compete with comedy that isn't supposed to be funny? On the day McCain introduced her to the public Palin went on to say that she wants the disenfranchised Hillary supporters to come over to the Republican party. If anything I gotta believe that the exact opposite is going to happen. Does she think that VP stands for "Vaginally Prepared" meaning that all 18 million of Hillary's supporters are instantly going to follow her just because she has one? How patronizing is that? And then this whole pregnancy issue. Was it her? Her daughter? Turns out now it was her 17 year-old daughter that got pregnant but that's ok at the press release from Palin says that she will be marrying the guy. I love it when someone from the far right tells me how to live my life while her daughter gets knocked up out of wedlock. Hey, I would be all for Family Values too if I told the world I was a strict Christian but I'm not (a Christian) so I don't have to be judged by someone who doesn't practice what they preach. Okay I realize that most people are voting for the top guy and not their second choice but when you just turned 72 and your vice president is literally a few ticks away from the president yeah, it does matter. Sure she was voted the most popular governor in Alaska. Well, when you figure that the male population far exceeds the female populous by 7 to 1 that makes about as much sense as voting what kind of business would guys rather see opening up in prison: Burger King or The Moonlite Bunny

Ranch? Already salivating at the mouth are political comics Will Durst, Bill Maher, Jon Stewart, Dennis Miller and Lewis Black. I mean, I'm not a political comic but now I find myself wanting to comment on what is going on and will too! As good friend and comic Will Durst would tell me, "You can't make this stuff up."

On a more positive note I'm headed over to Iraq with comedians Scott Kennedy and Graham Elwood the end of this month and will return October 5. Both Scott and Graham have been overseas numerous times (Scott alone has been to the Middle East 20 times) so I know I'm in good company and Graham said he's looking forward to having me over there because he said it's a life changing experience. I'm just looking forward to making our soldiers laugh a little bit and remind them that they're very much appreciated back home.

It's been a long time since comedian **Ty Barnett** graced our stage. He's been on the fast track lately since shining on the second season of NBC "Last Comic Standing." Right after that HBO came a knockin' and now Ty is back here headlining. Known for his "slyness" in delivering the goods Ty has gained a reputation for putting a humorous spin on taboo topics. He's always been a solid act and other comics respect is observational outlook on the world so to see him cross over into a more mainstream audience is fun to witness. With regards to his act Ty's been quoted as being "smart," "hysterically funny," "refreshing" and "a joy to watch." When Ty was on CBS' "Star Search" he won because of his smart and funny experiences living in New York City. Appearing with Ty is Improv regular **Scott Kennedy**. As mentioned earlier he's one of the guys I'll be heading overseas with (Graham Elwood being the other). Both Ty and Scott are here the week of Sept. 9th through the 14th.

I love it when we get new acts up here. This time we get two new acts in the same week the first being headliner **Rondell Sheridan**. He played the father on the Nickelodeon series, "Cousin Skeeter" (as Andre, Bobby's father) then Raven Simone's dad on the Disney Channel series, "That's So Raven" and "Cory in the House" where Sheridan is part uncle, part babysitter and big-part funniest adult friend. Rondell started his acting career back '83 when he starred in the movie "Deadtime Stories." That was him as the Looney Bin Guard. He later created the show "Minor Adjustments" and also starred on the Show as Dr. Ron Aimes. He also starred

Howie with Lewis Black & Scott Kenedy

in "Men are from Mars, Women are from Venus" in 2000 and "The test" in 2001 but it was Nickelodeon that really gave him worldwide acclaim. He'll be a breath of already fresh air up here in Tahoe. I'm sure audiences will enjoy a somewhat wholesome act blending his ever-changing physicality, facial expressions and, as his resume says, has a "continually shifting comedic gears and personas" approach to his style of stand up. As he puts it, "I've always just gravitated toward storytelling, and with the early inspiration of such comedic storytellers as Richard Pryor, George Carlin and Bill Cosby I knew that I had made the right choice, and I always wanted an occupation that made sense for me." Appearing with Sheridan is another first timer to the lake: **Shayla Rivera**. Born in Puerto Rico strong willed Latina after graduating high school attended Texas A&M University where she earned a degree in Aerospace Engineering and then continued her path of science working on the space shuttle and Space Station systems at NASA's Johnson Space Center in Houston. Quite an accomplishment when considering she didn't speak the language. "You try to learn English in Texas and you're going to find out how funny you are. Everyone laughed at me." While at NASA Shayla had anticipated being in a world at the leading edge of technology guided by Americas' greatest minds. Instead she says, "It was more like K-Mart with lots of pocket protectors." With a solid blend of comedy, music and dance and her one-woman stage show, "Rocket Science and Salsa: The Shayla Rivera Story" (directed by renowned actor/choreographer Debbie Allen and written

by Shayla Rivera and Michael Ajakwe, Jr.) Shayla is now recognized as one of the hottest new comics on the scene. Shayla can now look back at her past and ascertain in her own comedic style how far she has come. "NASA and I had to part ways when they refused to let me to put St. Christopher on the Shuttle's dashboard." Rondell and Shayla together Sept. 16th through the 21st.

It wasn't that long ago when you mentioned the name. "**Dat Phan**" most of you would say, "Who?" Now here he is wrapping up production on a new movie entitled, "When in Rome" that stars Kristen Bell ("Sarah Marshall"), Jon Heder ("Napoleon Dynamite"), Josh Duhamel ("Transformers" and the TV show, "Vegas"), Danny DeVito, Anjelica Huston, Dax Shephard, Will Arnett and Dat Phan. Who? Exactly. Appearing with Dat is another favorite: **Michael Burton**. He was one of the first comics I thought who should have his own reality show just having a cameraman follow him around in a 24 hour period. The stuff he does and says is hysterical. Burton considers Tahoe one of his favorite places and not just for comedy either. G'nite folks! Dat and Mike together Sept. 23th through the 28th. Be there.

# 'The Buzz' - Harrah's - Harveys - Bill's

by Ashley Patton

As *Harveys Summer Concert Series* comes to a close, *Harrah's Legendary South Shore Room* starts a fabulous lineup. Kicking off September is none other than **Lindsey Buckingham**. As the musical architect behind Fleetwood Mac, one of the most popular bands of all time, Lindsey Buckingham has played the key role in stoking the hit-making machinery, yet he is also a seeker, a chance taker willing to shake up the status quo for the sake of new ideas. And so an elusive quality has developed around his 30-year career to date, both as solo artist and as a member of Fleetwood Mac. Lindsey Buckingham will be performing Friday, September 12.

Grammy Award winning performer, **Al Jarreau** brings his innovative and amazing music to the legendary South Shore Room at Harrah's Lake Tahoe Saturday, September 20. Singing since the age of four, Jarreau began his professional career in small jazz clubs in Los Angeles and eventually branched out to performing in New

York. He first gained national television exposure with Johnny Carson, Merv Griffin, David Frost and Mike Douglas as he teamed up to break comedians at the world-famous comedy venue, The Improv.

**Royal Crown Revue**, pioneers of the "neo-swing" movement perform live Saturday, September 27. The Royal Crown Revue has often been credited for starting the Swing Revival movement. However, their musical style doesn't fit into that standard Swing slot. They've created a totally unique sound and style that has created a blueprint for an entire generation of musicians and music lovers. Royal Crown Revue has brought the "retro-style" of music that has exploded from the underground music scene into a recognized cultural phenomenon.

**WAR** brings their eclectic blend of jazz, blues, funk reggae and rock to the intimate environs of the South Shore Room at Harrah's Saturday, October 4, 2008. WAR plays up a unique Afro-Cuban, Jazz-Funk with several

hit songs including "Why Can't We Be Friends" and "Low Rider" and string of many others. Most have been sampled or covered by newer artists including Offspring's remix of "Low Rider" entitled "Pretty Fly For A White Boy", Tupac's "Young Black Maile ("Where Was You At") assisting them in producing their own unique musical expressions while retaining the past. For information on South Shore shows go online at [www.SouthShoreRoom.com](http://www.SouthShoreRoom.com) or by calling 1-800-786-8208.

**Vex Nightclub** continues to create a truly unique nightlife experience. Vex is open Thursday through Saturday featuring the Aloha Party every Thursday, with select \$2 drink specials all night long with resident DJ, **DJ Brian Rockwell**. Every Friday and Saturday nights aerial acts are performed high above the crowd with beautifully trained women who twist and turn amongst state-of-art light shows and the hottest music! Don't miss the party September 26 featuring **DJ Cooley and the Gang/**

**Break Dance Review.** To reserve a VIP booth contact Vex Management at 775-586-6705.

**The Cabo Wabo Cantina** continues to provide the most exciting free live entertainment at the lake. Every Sunday night show off your dance skills in the weekly dance contest while **DJ Chris English** spins the beats. Every Monday night come listen to the acoustic sounds of **Jesse Kalin**. Tuesdays in August feature **The Cash Only Band**, a truly amazing tribute to the legendary Johnny Cash. Join **DJ Chris English** for Wild Wednesdays all month long. Every Thursday night party with local favorites **Cool Black Kettle**. **Left of Center** will take to Cabo's stage September 4 and 5, while **Audio Boxx** will rock the stage the following weekend, September 12 and 13. Another local favorite, **Nothin Personal**, will jam September 19 and 18. Dane Reinhart will entertain the crowd with covers of the hottest music of yesterday and today September 26 and 27.

# PR

This past month I was honored once again to join them, and witness first hand the passion that goes into historic car collecting. During the Monday event at this year's Carmel-by-the-Sea Concours on the Avenue next door to Pebble Beach, Bob Lee won the highest honor, Best of Show, for his 1957 250 GT Series One Ferrari, which is the first of four prototypes made for Ferrari designed and built by Pininfarina. This win brought back many fond emotions, as I was at the Pebble Beach Concours in 2006 to witness Bob win Best of Show for his 1931 Daimler Double-Six 50 Corsica Drophead Coupe, which is one of only four Daimler Double-Six 50's ever produced. The time and craftsmanship that goes into the restoration of these masterpieces is truly amazing, and to experience it from this vantage point is a rare and special treat. We are fortunate to have Bob Lee

as part of our community, as his passion for automobiles only takes a "back seat" for his love of the lake.

On the complete opposite end of the "elegant" spectrum was this year's **Burning Man** festival just a few hours from here as well in the Nevada desert I joined the Tahoe Twisted theme camp made up of area locals, lead by longtime friend Mike Chandler, and his wife, Jessica. This event never ceases to amaze me, that Nevada's third largest city of nearly 50,000+ can just disappear without a trace on Labor Day each year. The art, the music, the people, even the tie-died aliens I ran into at Center Camp were welcome sites during my fifth year of attendance. This year's national headline DJ's included Carl Cox, Christopher Lawrence, DJ Dan, and others who have also graced our local nightclubs here in Lake Tahoe. One artist missing from the playa this year was Paul Oakenfold, who was celebrating his first U.S. resident DJ gig at Rain Nightclub at the Palm's. This month, PR Entertainment, Inc., penned a deal with Paul Oakenfold to represent his new show, Planet Perfecto, designed exclusively for the casino markets. Planet Perfecto will feature DJ's from

Paul's label, Perfecto, like DJ Kenneth Thomas, who joined Paul Oakenfold during his past two performances here in Lake Tahoe. Look for this show to come to Northern Nevada this Fall.

Speaking of Palm's Las Vegas, if you're in Sin City on October 4, my firm is presenting comedian, best selling author, and host of E!'s Chelsea Lately, **Chelsea Handler**, inside Pearl Theatre. Another PR Entertainment show will also be presented on October 4, as TV host and author, Jamie Kennedy, joins former local, comedian K-Von, on stage at the Grand Sierra in Reno for a night full of laughs. Jamie is best known for The Jamie Kennedy Experiment (JKX), a television show that can best be described as a combination of Candid Camera and Saturday Night Live, which quickly became The WB's highest-ranking new show, attracting three million viewers each week.

*Paul Reder, President of PR Entertainment, Inc, is based here in Lake Tahoe with additional offices in Los Angeles He can be reached at paul@prentertainment.net*

# Another Late Night with Late Nite Billy

As I write this, I am winding down like every other Local in this Town from a BUSY Labor Day Weekend! We ended the Summer with a bang at *Whiskey Dicks Saloon* with a mix of Reggae, Hip-Hop, Ska and Rock on Sunday, August 31st with *Mystic Roots* from Chico, Ca with guests *Planting Seeds* and *Rise of the Revolution*. The show was near capacity and everyone had a great time. You can expect *Mystic Roots* back with *Pato Banton* in the Fall!

Now, not every Concert I book turns out exactly as planned and I would be lying if I tried to say it did. This was the case on Friday night of Labor Day weekend with "*Kisses - the Female Tribute to Kiss*" again at *Whiskey Dicks*. I booked this thinking everyone in town would need to be prepped for the real thing the following night at the Outdoor Amphitheater but I guess you could say my idea backfired! Although *Kisses* was poorly attended, these Girls came with Costumes and Make-up and Rocked just the same! It looks like everyone was saving themselves for the real thing the next day and what a show that was!! I've seen nearly every Concert

that has come to Lake Tahoe in the last 10+ years and this was hands down, one of the BEST I've seen!! From *Pyro* and *Explosions*, to *Confetti cannons*, to *Hydraulic Stage Risers*, and an Hour long Encore with *Gene Simmons* flying overhead the Audience with *Bat Wings*, *Drizzling Blood* and *Spitting Fire*!

Just recently I was sitting out at the Beacon with friends, enjoying one of the last days of "Summer" with some sun and music while overhearing some people close by. "Where did you get your pass this year?" "Sierra at Tahoe" the other responded. This baffled me as I know I'm not ready for Winter yet but it is well on its way! Typically town slows down from now till the Snow Hits - but I figure that doesn't mean we have to be without some great Music so lets talk about what coming up!

Tuesday, September 16th the National "*After Hours Tour*" featuring the *Living Legends* will make a stop in South Lake at *Whiskey Dicks* - This show features *Eligh*, *Sunspot Jonz*, *Bicasso*, *Luckyiam*, *Aesop*, *Scarub* and rumors have it that *Murs* and or *Grouch* will be appearing on select dates. This is

an incredible chance to see one of the Lifest Hip-Hop Crews to perform together in such an intimate Venue quite possibly EVER! *The Bayliens* and *Rise of the Revolution* will support and both have been up here on numerous occasions and have quite a solid fanbase of their own to make it a "don't miss" show!

Now on to some more exciting news...This November will make 12+ years of myself and my Company consistently bringing Live Music to Lake Tahoe, Reno and Beyond. When I moved to Tahoe in about 1996 I knew I wanted to do something with the moderate bit of experience I had at producing small gigs and walked into *Mulligans Irish Pub* and asked if I could do a show with a now defunct Ska Band called *Skankin Pickle*. The owner of the Bar said Ok and the show was a sell-out. I caught the attention of the Tahoe Agency (located then in Myers behind the *Divided Sky*) whom then represented the likes of *Blink 182*, *Sublime*, *Less Than Jake* and more. I went on to become the Talent Buyer for *Mulligans* for a number of years and saw the likes of *Sugar Hill Gang*, *Grand Master Melle Mel*, *The English Beat*, *Gene Love Gezebel*, *Moby*, *Garbage*, *Bobby Brown*, *Pato Banton*, *Sister Carol*, *Israel Vibration*, *Culture*, *Eek-A-Mouse*, *Souls of Mischief*, *Dread Zeppelin*, and countless others. What I'm getting at here is what you have known in the past as *Mulligans*, and now know as *Brewers Branding Iron* - is going through new owners and a complete facelift. Soon to be re-named "*MO'S PLACE*" main focus will be Sports, Games, Food and Drink but we will also be bringing in Top-Notch Live Entertainment from Time to Time! Too kick things off on Tuesday, September 23rd - Reggae Legend from Kingston Jamaica, *EEK-A-MOUSE* will take the stage as he did in the same building many years ago! It's been a while since he's been to South Lake and its always a treat to have him back! Truly a Performer as well as a Legend!

The following day (Sept. 24th) we are back at *Whiskey Dicks* with *Intelligent* and *Conscious Hip-Hoppers* from Vancouver Canada, *Sweatshop Union*, performing in support of their new album *Water Street*. Joining them and supporting the show is former Local

South Lake Hip-Hoppers *O.C.T. / Outta Control* making their first appearance at the Lake in over a year. They have been holding it down and keeping busy and now call their Home San Diego, Ca.

Every month I know there are some kids out there reading this and say "What about the All-Ages Shows" and I get messages all the time as well. Here you go...Wednesday, October 1st at *The Underground in Reno*, we bring you the "*Freshly Dipped Tour*" featuring *Hieroglyphics*, *Blue Scholars*, *Musab*, *Knobody* and *Tanya Morgan*. This is an all ages show and a great Venue. If you saw *Immortal Technique* there last month then you already know!

October is going to bring us *Guttermouth* (10/12), *The Lou Dog Trio - Sublime Tribute* (10/25) and a *Punk-Rock Voodoo Halloween Costume Ball* with the *Voodoo Glowskulls* and *Knock-Out* (10/29) all at *Whiskey Dicks*. I am just gearing up now for our *2nd Annual Blizzard Pray for Snow Party* happening at *Vex* inside *Harrahs* on November 28th. Last year was a huge success and this year will be even bigger! *Teton Gravity Research* will premier the new Film "*Under the Influence*" with Thousand of Dollars in Prizes including Resort Season Passes, Snowboards, Ski's and countless other gear and we are securing the Event Host and Entertainment now - you won't be disappointed!

A big thank you to *Whiskey Dicks*, *Mo's Place*, *Energy Drink Outlet*, *South Shore Fitted*, *Tahoe Hemp Company*, *Mad About Music*, *The Block Hotel*, *Tahoe Kush*, *Heads Up* and everyone else that helps *Keep the Vibe Alive in Lake Tahoe!!* Hope to see everyone at a show soon! ~ *LateNiteBilly*
